To the right of the 'Edit Veteran' button are three main action buttons: 'Add Note' (Add Quick Note), 'Add Vet Comm' (Add Veteran Communication), and 'New Claim' (Create New Claim). A 'VA Benefits Claims' section with a 'Login' button is visible on the far right.

From the veteran folder click the **Edit Veteran Button** and the TVB screen will change to show an overview of the veteran profile as well as show different tabs or “pages” within the veteran folder. Frequently used tabs and their functions are:

- **Claim:** Used to send any item (including traditional claims) to VA

- **Contact and Dependent:** Used to create dependent claimants; most frequently surviving spouses
- **Document:** Used to View and upload documents. This feature is also available on the Veteran home screen.
- **Communication:** Used to capture any inbound or outbound communication to veteran or claimant.

Special Notes:

- TVB Fact sheets going into greater detail on any tab can be found in the TVB resources Section and then found under TVB 4.0 Resources.
